# 2010 PC2 for Developmental Disabilities

Your Pierce County Source  
for Information On:

Developmental Disability Issues  
Community Networking  
Leadership Training  
Parent Support  
Empowerment  
Legislative Advocacy

We are a parent-driven, 501(c)3 organization, responsible for providing clear, consistent information for families and individuals with developmental disabilities in Pierce County. We support individuals by providing information and education about how the legislative process works and how your voice can make a difference.

# PC2 for Developmental Disabilities: - Your Open Door To More -

We provide information to legislators concerning the needs of individuals with developmental disabilities and their families and advocate on your behalf.

We increase awareness in the community about people in Pierce County who experience developmental disabilities and promote People First language.

We host an annual opportunity for constituents to meet and speak with their elected officials.

We provide a Home Ownership Down Payment Assistance Program for individuals with developmental disabilities and their families.

We publish a newsletter with relevant information. We maintain a website with news and resources.

We create and distribute a comprehensive Resource Guide for Pierce County.

We provide resource links for families.

We provide information at resource and vendor fairs throughout the county.

We conduct educational meetings on a variety of topics from birth to three education, housing/ residential issues, transition from high school to adult services, employment and legal overviews, and more.

We help families - like yours - find their voice!
